

Animal Vision Center (AVC) is located just north of Seattle in the city of Mountlake Terrace. We are conveniently located just off I-5 at Exit 177 (the I-5/Hwy 104 interchange) with easy access to I-5 and I-405.

From Interstate-5 South

Take I-5 south towards Seattle to Exit 177 (WA-104) towards Lake Forest Park/Kenmore. After exiting the highway, turn left onto 244th St SW/WA-104. Travel under the interstate and immediately get in to the far left lane (separated by the median). Turn left at the traffic light onto 244th St. SW. Stay in the left lane and turn left onto Gateway Place. Take the next right into the large parking lot and the clinic will be directly in front of you.

From Interstate-5 North

Take I-5 north towards Lynnwood to Exit 177 (WA-104) towards the Edmonds/Kingston Ferry. Stay in the left lane and turn left at the stop sign onto 244th St SW/WA-104. Turn left at the traffic light onto 244th St. SW. Stay in the left lane and turn left onto Gateway Place. Take the next right into the large parking lot and the clinic will be directly in front of you.

Welcome to the Animal Vision Center

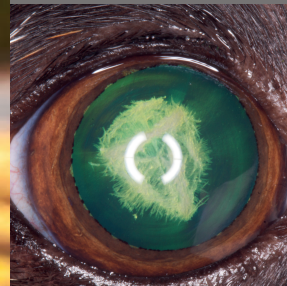

The Animal Vision Center (AVC) is a veterinary ophthalmology referral practice located in the Seattle area city of Mountlake Terrace, Washington. We provide state of the art eye care for dogs, cats, pocket pets, and exotics throughout the Puget Sound area. Our board-certified veterinary ophthalmologists are extensively trained in the diagnosis and treatment of animal eye disease and injury. We work closely with your primary care veterinarian to ensure that your pet receives the best medical care available.

Dr. Kayla Waler DVM, MS, DACVO

Dr. Waler grew up in South Florida and obtained her Bachelor of Science degree in Animal Sciences at the University of Florida in 2012. She then received her Doctor of Veterinary Medicine degree from Auburn University in 2016 where she developed her passion for ophthalmology. Following veterinary school, she completed a small animal rotating internship at Virginia-Maryland College of Veterinary Medicine and stayed to complete an ophthalmology residency and M.S. degree in Biomedical and Veterinary Sciences. Dr. Waler became a Diplomate of the American College of Veterinary Ophthalmologists in 2020.

Dr. Waler is new to the Pacific Northwest and is excited to explore the beautiful area. In her free time, Dr. Waler enjoys practicing yoga and spending time outdoors with her one-eyed dog, Fetty.

Dr. Matthew Landry DVM, DACVO

Dr. Landry attended the Virginia-Maryland Regional College of Veterinary Medicine and graduated in 2003. His veterinary training continued with a one-year rotating internship in small animal medicine and surgery at the University of Florida College of Veterinary Medicine (2003-2004) followed by a three-year residency in comparative ophthalmology at Cornell University (2004-2007). Dr. Landry became a Diplomate of the American College of Veterinary Ophthalmologists in 2007.

Dr. Landry has provided veterinary ophthalmology care in the Seattle area since 2007 and opened the Animal Vision Center in 2020 to better serve the pets of western Washington.
